The many friends in this city of Mr. Charles A. Munde, of Jacksonville, will regret the loss of his death, which took place in Jacksonville last Saturday. Mr. Munde died of cancer of the throat after a lingering illness and a year of intense and hopeless suffering. He was, with his mother and family, a resident of this city for many years, but in 1887 moved to Jacksonville, where he made his home. For fourteen years he was the assistant postmaster here. He held the position of local freight agent of the old F. C. & P. R. R. in Jacksonville, until its consolidation with the Seaboard Air Line system. He had many friends in this city. He leaves a wife and a son about two years old.

MURDERER CAUGHT.

Sheriff Pearce has captured Boss Jenkins at Rhode's turpentine camps. Jenkins is a negro who committed murder in Coffee county, Georgia, eight years ago, and is wanted by the authorities there to answer to that charge. Criminals had better keep out of this county if they do not want to answer for their sins.

If the action of your bowels is not easy and regular serious complications must be the final result. DeWitt's Little Early Risers will remove this danger. Safe, pleasant and effective. All dealers.

PANACEA HOTEL FULL.

Parties coming up from there during the past week report Panacea Hotel as being full of guests all the time. Large crowds are coming and going each day, but they say, each night finds almost every room occupied.

The great drawing card, the water, is becoming more widely known and appreciated. When the whole of Middle and South Georgia learns the real merits of that water, five hotels the size of those there now will not accommodate those who go there for that alone.

CHAS. A. MUNDEE.

After suffering untold agonies for one year, Charles A. Munde, a well known and popular transportation official, died at his home this morning at No. 1441 Hubbard street. Mr. Munde was true to every trust placed upon him, an upright, manly citizen, true friend and a devoted father, husband, son and brother.

The deceased was a native of Kansas, having been born in Leavenworth, in that State, December 29, 1854. When he was 11 years of age, his father, General Charles Munde, removed with his family to this State, locating at Tallahassee. Young Munde later on was chosen assistant postmaster at Tallahassee, and held this position for fourteen years. In 1877 he came to Jacksonville, and the following year became chief clerk for Walter F. Coachman, who was the local freight agent of the Florida Central and Peninsular in Jacksonville. When Mr. Coachman was appointed assistant general freight agent of the road, Mr. Munde was appointed to the position of local freight agent and retained it until the consolidation with the Seaboard Air Line.

About one year ago a serious throat affection caused Mr. Munde to go to Baltimore and enter the Johns Hopkins Hospital as an operation was necessary. This operation was performed, but it did not give the relief hoped for, and Mr. Munde returned home. Notwithstanding his intense suffering he would from time to time give his attention to the duties of his office. It has been quite apparent to his family and friends for the past few weeks that the end was near, but he bore his pains with splendid courage and never for a moment complained.

Four years ago Mr. Munde was united in marriage to Miss Nana Crolly, daughter of Mr. and Mrs. P. P. Crolly, who with a son two years old survives him. Mr. Munde also left a mother, four brothers and two sisters.

The funeral will take place tomorrow morning at 9 o'clock in the temporary structure of the Catholic Church on Newman street, and Father Kenny will officiate.—Jacksonville Metropolis.

An Old Idea.

Every day strengthens the belief of eminent physicians that impure blood is the cause of the majority of our diseases. Twenty-five years ago this theory was used as a basis for the formula of Brown's Iron Bitters. The many remarkable cures effected by this famous old household remedy are sufficient to prove that the theory is correct. Brown's Iron Bitters is sold by all dealers.

GRAHAM MILLS TO START.

Mr. John A. Graham, of the Gulf Lumber Company, has returned from a business trip to Chicago. Mr. Graham will put, it is stated on the streets here, his lumber and shingle mills at St. Marks in operation on September 1, turning out 50,000 feet of lumber and 150,000 shingles daily. His is one of the finest mills in the South, and to an inexperienced man it seems there is no reason why it should not be run successfully for the next quarter century, adjacent as it is to so much fine pine and cypress timber.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is especially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrows to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperate medicine containing no alcohol or other intoxicant.

Given away. Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES," the GUARANTEED CATARRH CURE, and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently, and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special service from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES," the "GUARANTEED CATARRH CURE." Sent prepaid to any address in the United States on receipt of one dollar. Address Dept. C740, EDWIN B. GILES & CO., 2330 and 2332 Market street, Philadelphia.
